Terms and Conditions

1. INTRODUCTION

- 1.1. These Forsta Plus Support Terms (“Terms”) are agreed between the Forsta entity listed in the Sales Order (“Forsta”) and the purchasing entity listed in the Sales Order or other commercial document (“Client”). The Terms govern the use of the Forsta Plus services including, but not limited to, Survey Designer, SmartHub, Digital Feedback, Studio, Genius, and the HX Platform. Capitalised terms have the meanings assigned to them in the Sales Order or master services agreement between the parties (however named) (the “Agreement”).
- 1.2. Forsta’s obligation to provide the Support detailed in the Agreement is dependent on the validity of the Agreement between the Parties. Should the Agreement be terminated for any reason, Forsta’s obligation to provide any form of Support will cease automatically on the occurrence of such event.

2. CLIENT SUPPORT ADMINISTRATION

- 2.1. Client shall designate one primary Support contact (the “**Designated Support Contact**” or “**DSC**”) who will act as the conduit for all requests from Client to Forsta relating to matters of use and troubleshooting with respect to the Service. Additional DSCs may be agreed to in Sales Order(s) subject to payment of an annual fee.
- 2.2. Before assuming responsibilities, the DSC(s) must attend training in the use of the Service and the Software as prescribed by Forsta or must possess skills at least at the same level as those having undertaken such training. Client agrees and understands that the Support service shall not serve for educational purposes, and Forsta retains the right to communicate to Client where DSCs appear to necessitate training.
- 2.3. Requests for Support shall only be submitted by the DSC by e-mail to support@Forsta.com or an alternative e-mail address as informed by Forsta. Client shall ensure that individuals other than DSCs do not send requests for Support directly to Forsta. Forsta may however at its own discretion offer Support directly to Designated Users who are not DSCs under the terms for Additional Services. Support requests sent to Forsta from individuals other than DSCs will normally not be handled, and such circumstance shall not constitute a breach of the Agreement between the Parties by Forsta.
- 2.4. Requests for Support relating to errors or malfunctions will be addressed by Forsta upon Client making reasonable commercial efforts to provide documentary evidence of the errors or malfunctions including copies where applicable of all relevant error messages so that to the extent possible the error in question may be recreated.

- 2.5. Clients are responsible for providing Forsta with up to date contact details for DSCs effective from the first day of the Initial Term and updating such contact details whenever applicable throughout the Term. Such contact details should be sent by e-mail to support@Forsta.com or an alternative e-mail address as informed by Forsta and should comprise the following information: name, address, phone, and email. Failure by Client to provide this information in an accurate manner to Forsta and to update it when appropriate will result in newsletters and other important information not reaching Client, and Forsta shall not be held responsible for such failure of communication.
- 2.6. **Only for Clients utilizing CATI or CAPI:** If Forsta is requested by Client to address an issue which Forsta deems after due investigations to be related to aspects outside of its contractual responsibility such as CATI and CAPI consoles connection issues due to e.g. latency, connection loss, or inadequate or insufficient bandwidth then Client agrees that Forsta may temporarily discontinue its support efforts in the affected area and request that the Client approve, such approval not to be unreasonably withheld, the creation of a report to be prepared by an independent third-party agreeable to both Parties who has experienced in areas such as performance troubleshooting and network optimization.
